

Dear ASF Community,

My ASF journey—where to begin?

Robert Grant Stubbs was seven years old when we enrolled him in “private ski lessons” at Windham Mountain, which was then a small semi-private mountain. During one of our private lessons, an instructor told us about Gwen Allard, whom we did not know at the time but would come to know very well and become deeply involved with her efforts to create a winter adaptive sports program, now known as the ASF, here in Windham.

The ASF had just received a grant for “One Legged Skiers,” and thought that Grant could improve his skills through that program — and he did!!! That was the BEGINNING of our journey with what would soon become a decades-long relationship with the ASF.

Grant is now 48 years old!!! I remember when he got his nickname, “The Goose,” from one of his first ASF ski instructors, Lila Brown. Can you believe it has stuck to this day? He is one beautiful skier, and ALL the credit goes to the ASF—the incredible volunteers, the fabulous staff, and the ASF Board of Trustees, who, together, are always looking for ways to improve the students’ experience, expand the scope of what the program can offer, AND always, always advocating and raising money to make the organization the best it can be! The ASF is a nonprofit organization that significantly gives back to the community. Bless You ALL for making the ASF’s work possible through a donation to its 2025 Annual Fund.

It is a privilege and an honor to be a part of the ASF— a Very Special Place, full of Very Special People!!

Love,

Grant’s Mom and Heavenly Dad,  
Rosie & Bob Stubbs
